

## Intake Filter

### ATS/419

Net weight: 23g  
Dimensions: 4 x 4 x 7 cm  
(Packed as 10 x 26 cm)

### ATS/412

Net weight: 212g  
Dimensions: 30 x 19 x 4 cm  
(Packed as 17.5 x 50 cm)

### ATS/412-NR

Net weight: 25g  
Dimensions: 4 x 4 x 7 cm  
(Packed as 10 x 26 cm)

# Product Technical Data Sheet

## Properties

Body, Disc & Mesh: Polypropylene

Tube: PVC

Ball: Borosilicate (in ATS/412-NR)

O'ring: Viton (in ATS/412-NR)

Tie Wire: Plastic-coated Metal (used hold tubing on ATS/412)

## Features

- Easy to install and low maintenance.
- Increases the lifetime of the system by reducing the ability of small particles of grit or straw to enter the system and cause blockages or damage to the diaphragms.
- ATS/419 & ATS/412 are suitable for use with the Ambic JetStream™, Classic Teat Spray System, PeraSpray™ and EasiDipper™.
- ATS/412-NR is suitable for use with the Ambic OptiFlow™ and EasiFoamer™.

Country of Manufacture: GB
